

Taking Public Transportation to the Museum of Science

Take the M.B.T.A.'s Green Line subway to Science Park station. This will be the Green Line's Lechmere-bound "E" train. The Museum is diagonally across the street (O'Brien Highway), just over the Charles River Dam draw bridge.

Please note: Science Park station is not wheelchair accessible. Please go to the M.B.T.A. web site (<http://www.mbta.com>) for alternate public transportation options and to see detailed information about Science Park Station.

To transfer to the Green Line from other lines, take:

- The Red Line to Park Street
- The Blue Line to Government Center
- The Orange Line to Haymarket or North Station

To walk to the Museum of Science from other lines, take:

- The Green Line or Orange Line to North Station. Then, follow Nashua Street to O'Brien Highway and turn right towards the Museum.
- The Red Line to Charles/M.G.H. Station. Then, cross Storrow Drive towards the Charles River and turn right, walking with the river to your left.

(You will see the Museum and Hayden Planetarium dome sitting over the river ahead of you.) Turn left at the Charles River Dam and State Police Station onto O'Brien Highway. The Museum is on your left. The Charles/M.G.H. Station is not wheelchair accessible.

- The Orange Line to Bunker Hill Community College Station. Then: Walk over the Gilmore Bridge. At the next traffic light (O'Brien Highway) turn left and cross the street to the Museum.

M.B.T.A. Commuter Rail, Amtrak, and Logan Airport information:

- The M.B.T.A. Commuter Rail train from the north makes its final stop at North Station (Green Line and Orange Line).
- The Amtrak Train from the south stops at Back Bay Station (Orange Line) and South Station (Red Line).
- Logan Airport has a Blue Line stop called Airport Station. Shuttle buses run from the airport terminals to the station. The Silver Line also connects airport terminals to South Station (Red Line).

For inquiries or assistance, call 617-723-2500. For more information about public transportation, please visit the M.B.T.A.'s web site at <http://www.mbta.com>.
